Demands and needs

The Personal Injury Product meets the demands and needs of customers who are over 18 and less than 60 years of age and resident in the UK who wish to ensure that a cash sum is available to them up to the age of 85 if they are injured because of an accident. We are not making a personal recommendation based on your individual circumstances that the policy is suitable for your needs. You should read the policy summary and policy document carefully to ensure that it meets your needs. You should also periodically review your level of cover to ensure that it remains adequate for your needs.

Please check the schedule to confirm your level of cover.
